

Audit

Audit Configuration

All measurements collected via Lighthouse in an incognito window of Chrome v[116] with **Mobile** configuration (Category: Performance, Device: Mobile) on **[Alex]**'s computer at the office (**[MacBook 14 M1 Pro 32GB RAM]**).

All unnecessary programs and processes were shut down to increase consistency and reliability of measurements.

Audited web property:

- Home Page [paste URL]
- Detail Page [paste URL]

Baseline Audit

The median of **[3/5]** samples is used for each audit.

	Home Page	Detail Page
First Contentful Paint (seconds)	S	S
Largest Contentful Paint (seconds)	S	S
Total Blocking Time (seconds)	S	S
Lighthouse Perf Score		

Observations

[Write down observations, interpretations and suggest solutions / improvements.]

Next Audit

The median of 3/5 samples is used for each audit.

	Home Page	Detail Page	Change
FCP (seconds)	S	S	S
LCP (seconds)	S	S	S
TBT (seconds)	S	S	S
Lighthouse Perf Score			

Observations

[Write down observations, interpretations and suggest solutions / improvements.]

...continue till satisfied ;-)
